

Jacko's minder for Danielle

CELEBRITY Big Brother stunner Danielle Lloyd has hired Michael Jackson's bodyguard to save her from a stalker.

Matt Fiddes has been Jackson's UK minder for ten years.

Now he looks after Danielle, 23, who has been plagued by the female stalker for months.

The woman, in her 20s, followed Danielle from her home and got past other guards to lay flowers on her doorstep.

Dad-of-five Matt, 29, was recommended to Danielle by fellow Celebrity BB contestant Jermaine Jackson, Michael's brother.

A friend of Danielle said yesterday: "She is totally freaked, but Matt is lethal in dealing with trouble.

"He is a renowned martial arts expert who could – if he wanted – kill with one move."
